

Controlled Energy Release from an Oat Free, Low Starch Formulation;
Suitable for Horses and Ponies with Laminitis

Main Ingredients

Soya bean hulls, Wheat feed, Alfalfa, Molasses, Maize, Beet pulp, Sunflower meal, Soya bean oil.

Key Features

- High-fibre, low-protein, 'cool' composition suits excitable types.
- Oat-free, Alfalfa based low starch formulation provides slow releasing energy.
- Fully fortified with major mineral, trace elements and an excellent vitamin pack.
- Yea-Sacc® live yeast improves fibre digestion, nutrient uptake and hindgut health.
- Bioplex® Copper and Zinc help to guarantee maximum mineral availability.
- Selplex® organic selenium helps to maintain additional antioxidant support.
- Useful for early stages of fittening programmes, good doers or overweight animals.
- Low starch levels provide nutritional support for horses and ponies prone to laminitis.

Instructions for Use

Suitable for adult horses and ponies in light competition and leisure activities. Feed to a maximum rate of 1.25kg/100 kg bodyweight per day, along with forage and water.

Feeding Guidelines

Horse's Bodyweight		200kg	300kg	400kg	500kg	600kg
GAIN Easy Go Cubes kg/head/day	Light Work	1.0 - 2.0	1.5 - 3.0	2.0 - 4.0	2.5 - 5.0	3.0 - 6.0
	Medium Work	1.5 - 2.5	2.25 - 3.75	3.0 - 5.0	3.75 - 6.25	4.5 - 7.5
