

# Stud-Care 32 Balancer

Premium Low Starch Balancer, Concentrated Nutrition for Optimum Development

## Main Ingredients

Soya bean meal, Soya beans toasted, Sunflower meal, Alfalfa, Molasses, Linseed, Whey powder, Soya bean oil.

## Key Features

- 32% protein balancer with elevated levels of minerals and vitamins.
- Power-packed with vital amino acids, minerals, vitamins and nutritional supplements.
- Feeding 100g/day/100kg bodyweight provides a sound diet base for adult horses and ponies.
- Extra energy requirements can be supplied by feeding oats or reduced quantities of GAIN feeds.
- Excellent for broodmare to meet proteins mineral and vitamin requirements at all stages.
- Ideal for foals, weanlings and yearlings not requiring further condition.
- Works at 32% protein balancer for all horses.
- Soya bean, Milk powder, Lysine and Methionone provide readily available amino acids.
- Linseed provides Omega-3 fatty acids to support a healthy coat.
- Yea-Sacc® live yeast helps promote fibre digestion, nutrient absorption and good gut function.
- FOS prebiotic maintains fibre digestion and a healthy gut.
- Bioplex® trace elements including Copper, Zinc and Manganese maximise mineral availability.
- Selplex® organic Selenium helps to maintain additional boost antioxidant support.
- Provox natural plant antioxidants support vitamin E utilisation.
- Biotin addition helps maintain hoof strength.

## Instructions for Use

Concentrated stud balancer for foals, broodmares and stallions for low-rate feeding with forage and water. Can be fed with forage alone as a concentrated source of protein, minerals and vitamins where energy supply is adequate. Can also be fed along with reduced quantities of other feeds e.g. GAIN Stud Cubes to reduce the total feed quantities. 1kg of GAIN Stud-Care 32 Balancer replaces 5kg of a standard GAIN feed. Feed GAIN Stud-Care 32 Balancer to a maximum rate of 0.4kg/100kg bodyweight per day. For specific advice consult your GAIN Feeds representative.

## Feeding guidelines (500kg mature weight)

	Foal 3-6 Months	Weanling	Yearling	Pregnant Mare	Lactating Mare	Barren Mare	Stallion
GAIN Stud-Care 32 Balancer kg/head/day	0.25 - 0.75	1.0	1.0	1.0	1.0 - 2.0	0.5	1.0

## Analytical Constituents
